

## REACH Directive (EU) Nr 1907/2006

### Statement on SVHC substances

#### Article 33 (1) (immediate disclosure of SVHC substances in articles to professional users)

In order to be able to meet our customers' obligation to inform, we need information from you as to whether substances in the candidate list are included in the contract products. (Of particular note is the fact that the publication or updating of the "Candidate List" directly and without transitional periods triggers your duty to inform us.) With the publication of the first Candidate List on 28 October 2008 and the subsequent updates, the duty to inform will be immediate (see Article 33 (1) of the REACH Regulation (EC) No 1907/2006).

The ECHA Candidate List will be published on the ECHA website, along with any applicable updates: <http://echa.europa.eu>

We therefore ask for completion of the following statement.

#### Statement

We confirm that our obligations under REACH Regulation (EC) No 1907/2006 are known.

The following products contain substances from the candidate list of more than 0.1% by weight:

Product name	Article no.	Substance name	CAS number of substance	Proportion of the substance in the product (% by weight)	Product weight

All other products supplied to the PFISTERER Group contain no substances from the candidate list of more than 0.1% by weight.

Contact person (contact details, the person responsible for REACH questions in our house):

Name: \_\_\_\_\_

E-Mail: \_\_\_\_\_

Telefon: \_\_\_\_\_

We undertake to regularly compare our products and components with the candidate lists in accordance with the requirements of the REACH Regulation and to inform you of any changes without being asked.

Place / Date / Signature / Seal: \_\_\_\_\_
