

Directive RoHS 3 (EU 2015/863)

In order to be able to meet the information requirements of our customers, we need information from you as to whether the substances covered by the RoHS 3 directive (EU 2015/863) with more than the permitted maximum concentration are included in the contract products

We therefore ask for completion of the following statement:

Statement

We confirm that we are aware of the contents of the RoHS 3 directive (EU 2015/863).

The following products contain substances from the candidate list with more than the maximum permissible concentration

Product name	Article no.	Substance name	Proportion of the substance in the product (% by weight)	Product weight

All other products supplied to the PFISTERER Group do not contain any of the substances concerned exceeding the maximum permissible concentration.

Contact person (contact details, the person responsible for RoHS questions in our house):

Name: _____

E-Mail: _____

Phone: _____

We undertake to regularly compare our products and components with the requirements of the RoHS Regulation and to inform you of any changes without being asked.

Place / Date / Signature / Seal: _____
