

TRAININGS (medium and high Voltage)

| | Voltage range | Duration (days approx.) | Needed experience |
|--|---------------|-------------------------|--|
| SINGLE PRODUCT TRAINING | | | |
| CONNEX PLUGGABLE CONNECTION | | | |
| CONNEX size 0 | up to 24 kV | 1 | Min. 1 year of practical field experience in the industry |
| CONNEX size 1 | up to 36 kV | 1 | Min. 1 year of practical field experience in the industry |
| CONNEX size 2 | up to 42 kV | 1 | Min. 1 year of practical field experience in the industry |
| CONNEX size 3 | up to 52 kV | 1 | Min. 1 year of practical field experience in the industry |
| CONNEX size 1 to 3S + 3 XL | up to 52 kV | 1.5 | Min. 1 year of practical field experience in the industry |
| CONNEX size 4 | up to 72.5 kV | 1.5 | Min. 2 year of practical field experience in the industry |
| CONNEX size 5 | up to 145 kV | 2 | From 2 year of practical field experience in the industry, based on the voltage level of the product |
| CONNEX size 6 | up to 170 kV | 2 | From 2 year of practical field experience in the industry, based on the voltage level of the product |
| CONNEX size 6S | up to 245 kV | 2 | Min. 3 year of practical field experience in the industry |
| OFFSHORE | | | |
| SEANEX (3A) | up to 72.5 kV | 1.5 | Min. 2 year of practical field experience in the industry |
| HOCCA | up to 72.5 kV | 1.5 | Min. 2 year of practical field experience in the industry |
| DRY-INSULATED TERMINATION | | | |
| DOC (self-supporting) | up to 170 kV | 2 | Min. 2 year of practical field experience in the industry |
| ESF (flexible) EST / EST SUB / EST SA (supported) | up to 170 kV | 2 | Min. 2 year of practical field experience in the industry |
| SLIP-ON JOINT | | | |
| MSA | 72.5 - 245 kV | 2 | Min. 2 year of practical field experience in the industry |
| CONVENTIONAL TERMINATIONS | | | |
| ESS / ESP | 72.5 - 245 kV | 2 | Min. 2 year of practical field experience in the industry |
| ESG / ESU for Tranformers and GIS | 72.5 - 245 kV | 2 | Min. 2 year of practical field experience in the industry |
| COMBINED PRODUCT TRAINING | | | |
| Pluggable conection | up to 245 kV | 2.5 - 5 | Depending of the initial |
| For all products | up to 72.5 kV | 5 - 10 | Min. 2 year of practical field experience in the industry |
| | up to 170 kV | 5 - 10 | From 3 year of practical field experience in the industry, based on the voltage level of the product |
| | up to 245 kV | 5 - 10 | Min. 5 year of practical field experience in the industry |
| UPDATE TRAINING | | | |
| For all products (refersher training) | up to 245 kV | * | Depending of the initial certification and performed installation history |
| CUSTOMIZED TRAINING | | | |
| For special requests | up to 245 kV | as per request | |

*based on the initial training
